Bed-r'Nest™

PORTION CONTROLLED NESTING MATERIAL

THE IDEAL NESTING MATERIAL. PORTION CONTROLLED AND EASY TO DISPENSE.

PORTION CONTROLLED

- Provides consistent amount of nesting material to every cage, every time
- Each 8 gram Bed-r'Nest provides animals with industry recommended amount of nesting material

EASY TO DISPENSE

- No pulling, tearing or prepping
- Quick and easy to add to cage, resulting in labor savings

IMMEDIATELY ACCESSIBLE MATERIAL

- With no outer shell or material to work through, nesting material is immediately accessible to animals

A NATURE-LIKE NEST

- Designed to resemble the thin strands of grass and other materials mice instinctively use to build nests in nature

IRRADIATED

- Bed-r'Nest is irradiated, ensuring safe and variable-free nesting material for animals

VIRTUALLY DUST-FREE

- As a virtually dust-free product, Bed-r'Nest avoids clogging air filters, and eliminates eye irritations for nude and hairless mice

COST SAVINGS

- Ability to transfer Bed-r'Nest during cage change and use more than once
- Re-using through cage change transfers animals' smells and familiarity to new cage, reducing stress during cage change process
